Making The Difference - When It Counts

## MAY-be It's Spring!

### All About "U"!

Last week in Pre-K, we were all about the letter U! Our Pre-schoolers learned all about the many, many words that start with the letter U and how they fit into their lives and sentences. Umbrellas, unicorns, underwear, unicycles, UFO's, and uniforms-- they even got to listen to some ukelele. After a week, these kids are real experts on U, so it's time to move on to the next letter!

### Gorgeous Garden Greenery!

Our playground gardens are enjoying the weather as much as we are! Peppers, squash, carrots, peas, and watermelons are shooting up big and strong and grow a little more every day! Our strawberries are even starting to turn red! And, of course, the herb garden is thriving and ready for seasoning.

All of our classes have been hard at work tending to their gardens and the kids are always eager to show off their hard work to parents and other MKCCC friends passing through. They're even more excited to get to snack on their hard work soon! Their favorite part of taking

care of the plants: watering the gardens and finding lots of worms!

Keeping all of these gardens in tip top shape can be difficult but luckily there are so many green thumbs at the center who love getting their hands dirty!

A bountiful harvest is definitely on its way and we sure can't wait to see what this bunch will be cooking up next.

## *Spot the Pattern!*

Our Pre-schoolers have also been learning all about patterns! They have mastered what a pattern is, how to spot them, and how to make patterns of their own!

## *Squeaky Clean!*

The toddlers absolutely love helping their teachers do

laundry and they are excellent laundry helpers!

### *Word Of Mouth*

Some more fun things going on at the center that our teacher's have told us about:

The infants love rolling out for walks in the sunshine in their trollies.

Our toddlers classes had an amazing Zoom lunch for Mother's Day!

Pre-K also made some really wonderful projects for Mother's Day.

Our School Age Kids are all out of remote learning and back in their respective classrooms but when they are here, they sure love being out in the garden and running all around the playground!

### *Thank You for Participating in Our Plant Sale!*

This year, we sold nearly 600 plants in what was our most successful plant sale yet. Thank you to everyone who bought plants, encouraged their friends and family to participate, helped us organize and make deliveries. We hope you all are enjoying the blooms as much as we are!

### *Coming Up in June: Book Fair!*

*June 7th-June 11th*

*8:30am-10am & 3pm-4:30pm*

The book fair will be located in MKCCC's Wellness Room, entrance on the left side of the building. We are limiting families in the room to help with social distancing and ask that visitors are masked at all times.

Happy Reading!
